

FOOD SAFETY AND QUALITY POLICY

KTIMA GEROVASSILIOU specializes in producing high quality wines that have been continuously recognized and rewarded in Greek and international wine competitions. Quality and safety assurance, through the implementation and control of all associated procedures, from raw materials, production and quality control to final product delivery and subsequent customer service, is the standing policy of the company. Basic principle and commitment of KTIMA GEROVASSILIOU but also philosophy of each executive, is to provide customers with safe high-quality products that fully meet their contractual requirements (customer desire), comply with the relevant laws and regulatory requirements, achieve the quality and safety targets set by the company and do not harm the environment.

In the context of the above-mentioned priorities, the company:

- implements a Quality and Food Safety Management System according to the international standards ISO 9001: 2015 and ISO 22000: 2018
- produces wine grapes according to certified processes that meet all quality and safety standards, as well as the requirements of the national standards AGRO 2-1 and AGRO 2-2
- meets all standards of organic viticulture for Xinomavro grapes
- provides the necessary resources for the uninterrupted and effective functioning of all departments of the company, and for the effective communication inside and outside the company
- monitors technological developments that may affect its activity
- is committed to confront environmental issues arising from its activities in the rural area in the best and most effective way to prevent or minimize environmental impacts generated
- is committed to comply with the applicable provisions of food safety legislation relating to the company's activity
- ensures continuous education, information and training of its employees to achieve the company's quality and safety objectives;
- monitors, measures and evaluates all critical parameters and processes that ensure the quality of products and services
- ensures continuous improvement of its performance and production activities at the local rural area in terms of environmental performance by setting and reviewing goals and targets (for quality and food safety), and
- assures that this policy is diffused and applied at all organization levels. Adopting the principle of continuous improvement, KTIMA GEROVASSILIOU recognizes and rewards teamwork and individual effort, invests in people and respects the customer.

Adopting the principle of continuous improvement, KTIMA GEROVASSILIOU recognizes and rewards teamwork and individual effort, invests in people and respects the customer.
